August 20, 2019

See Page Two

To all club members,

We are now well into the fourth year of club operation and it is time for renewal of your dues. At present we have approximately 150 members with an annual club income of about \$2,000.00 from dues. That level barely keeps us afloat. Please complete the registration form on the reverse side and mail it and your remittance in the enclosed envelope **prior to September 30, 2019.**

In order to comply with GVR guidelines that require all club members attending club events be members of GVR the Board of Directors has created a new level of club membership. A family level option will include an Associate Member who may be a Spouse or Significant Other of the Primary Member. Such members will be entitled to all privileges provided by the club.

In addition to the required dues our members donated nearly \$700.00 to our dedicated Conservation Projects Fund last year. Thus far this year we provided \$900.00 for travel expenses for two Sahuarita Unified School District high school teachers to attend a one week American Wilderness Leadership School funded by the Safari Club. One of them intends to start a high school "fishing and hunting" extracurricular club at Walden Grove High School this Fall. We also will also be sponsoring our first youth fishing clinic this year. **Please be as generous as you can when you contribute to the Conservation Projects Fund or for additional support of club operations!**

Several of our members have suggested that it would be beneficial to offer permanent name tags. The Board of Directors has investigated that possibility and have decided to provide tags at cost to those individuals who wish to voluntarily purchase one for \$6.00. Tags will be approximately 1 1/2" X 3" in size with magnetic fasteners. See sample below.

Please provide the following information for each tag you wish to purchase and return in the enclosed envelope.

Your preferred first and last name _____

Your preferred first and last name _____

State in which you wish to be associated with _____

An initial consolidated order will be placed in late September and the tags will be available for pickup at monthly meetings beginning at the October 17th meeting.

Richard Toltzmann, President
