

Talent Bank

When you hear "welcome to the club" it can have two meanings. One is the normal heartfelt greeting and the other is the old adage that "we are all in the same boat" Behind every successful club stands a cadre of dedicated volunteers that can be counted on week after week. If you wish to share your talents to help make the club a success please consider indicating in which areas you are most knowledgeable or want to work in. Please remember that "if it is to be, it is up to me"

Any personal information you provide will be distributed to the Board of Directors only. None of it will be released to the general membership.
